09 November 2020 @ 10:00 am

NURTURING GROWTH TRADING, is a movement for kindness, consciousness and radical self-acceptance. We support leaders to grow into their higher potential and to being more productive at the workplace.

Did you know that systemic racism is a form of trauma and can lead to feelings of overwhelm, immense suffering and burn-out?

Burn out, on the other hand, is the result of emotional exhaustion and can impact negatively on staff productivity.

Most leaders experience burn-out at some point in their professional careers. Hence, the importance of having the necessary skills and tools, as well as the relevant, professional support.

Join the Nurturing growth Team on their 6-day Train-the-Trainer journey in DE&I for a mere R3 000 (VAT exclusive) and enjoy the benefits of a more understanding workplace environment.

Imagine having your own in-house, trained and compassionate staff members who can be skilled bridges for dealing with racism and diversity in your organisation?
